

Stanchion Mounted Rail

1. Support stanchions must be fixed to concrete landing and treads, concrete strength assumed to be 30N/mm²
2. Fixings used are M8 ramset 'Dynabolt'.
3. Pull out forces are 3.3kn and push in forces are 4.2kn
4. Exempel: 4737 N x 0.1020 = 483,174 kp
